Customer Journey Map

Map out the customer's experience throughout the **Smart Lender – AI Based Loan Approval System**, capturing each stage of the loan application process. The journey illustrates the customer's actions, interactions with the system (touchpoints), thoughts, and emotions at every step, along with the responsible project team members (process ownership) and opportunities for improving the overall user experience, efficiency, and decision-making process.

Phase of Journey	Stage 1 Apply for Loan	Stage 2 Processing & Evaluation	Stage 3 Decision & Result
Actions <i>What does the customer do?</i>	- Visit Smart Lender website - Enter personal, financial and loan details - Submit loan application	- System validates the inputs - ML model predicts loan eligibility - Application is processed	- View loan approval result - Check eligible loan amount (if approved) - Take next steps / contact bank
Touchpoint <i>What part of the service do they interact with?</i>	- Smart Lender Home Page - Loan Application Form - Submit Button - Help / Instructions	- Flask Backend Service - Machine Learning Model - Data Validation Module - Processing Status Page	- Result / Output Page - Approval Status Display - Recommendations / Next Steps - Contact / Support Section
Customer Thought <i>What is the customer thinking?</i>	- Is the application process easy? - Am I providing the right details? - Will I be eligible for the loan? - Hope this platform is secure.	- Is my data being processed? - How accurate is the system? - How long will it take? - I hope I get a good result.	- Will my loan be approved? - What is the reason if rejected? - What are my next steps? - Glad to get the result quickly.
Customer Feeling <i>What is the customer feeling?</i>	- Curious - Hopeful - Confident - Slightly anxious	- Impatient - Expectant - Trusting the system - Hopeful	- Happy & relieved (if approved) - Disappointed but informed (if rejected) - Satisfied with quick response - Motivated to plan next steps
